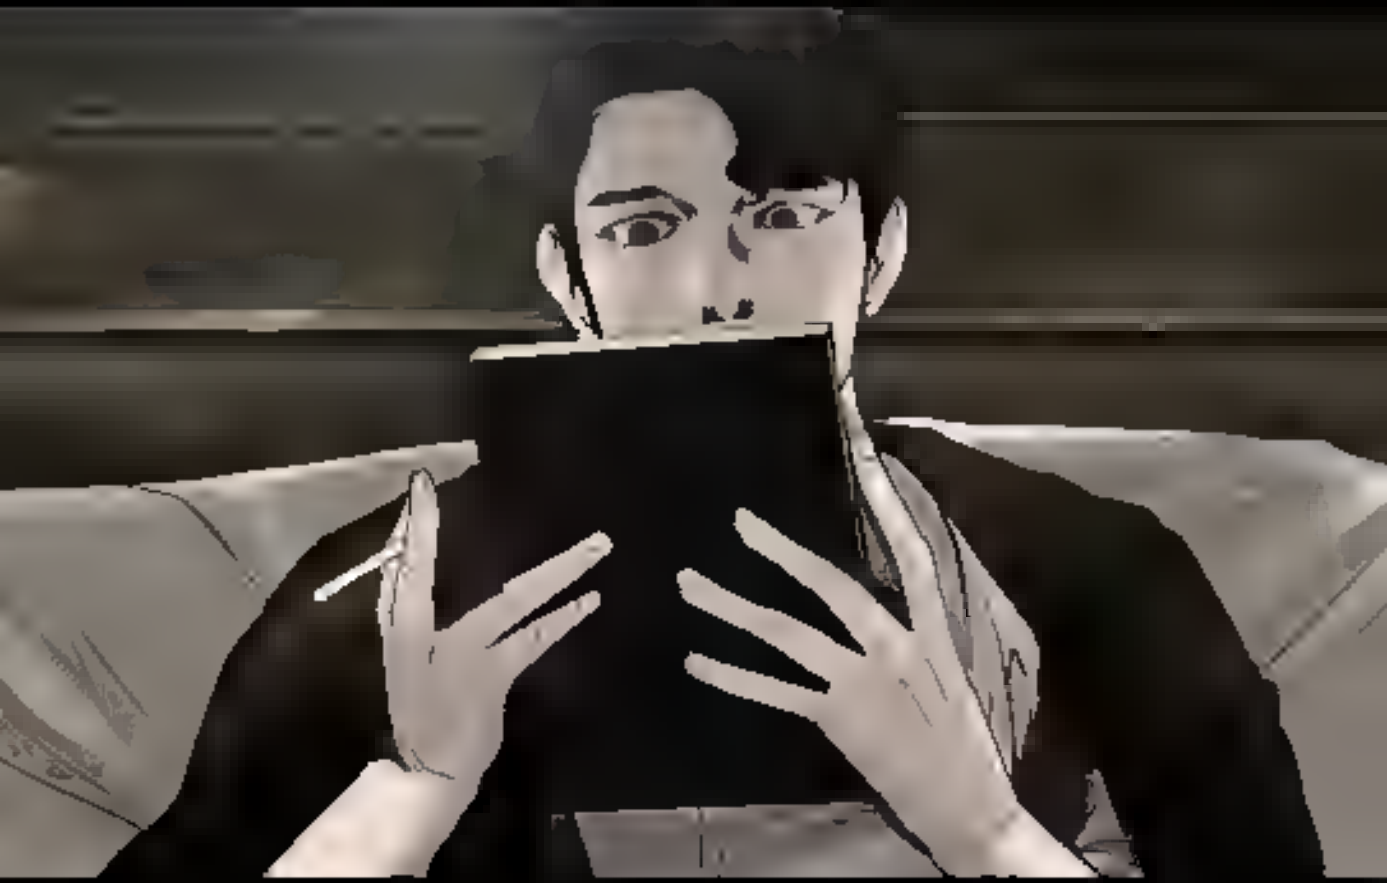
Déjà vu

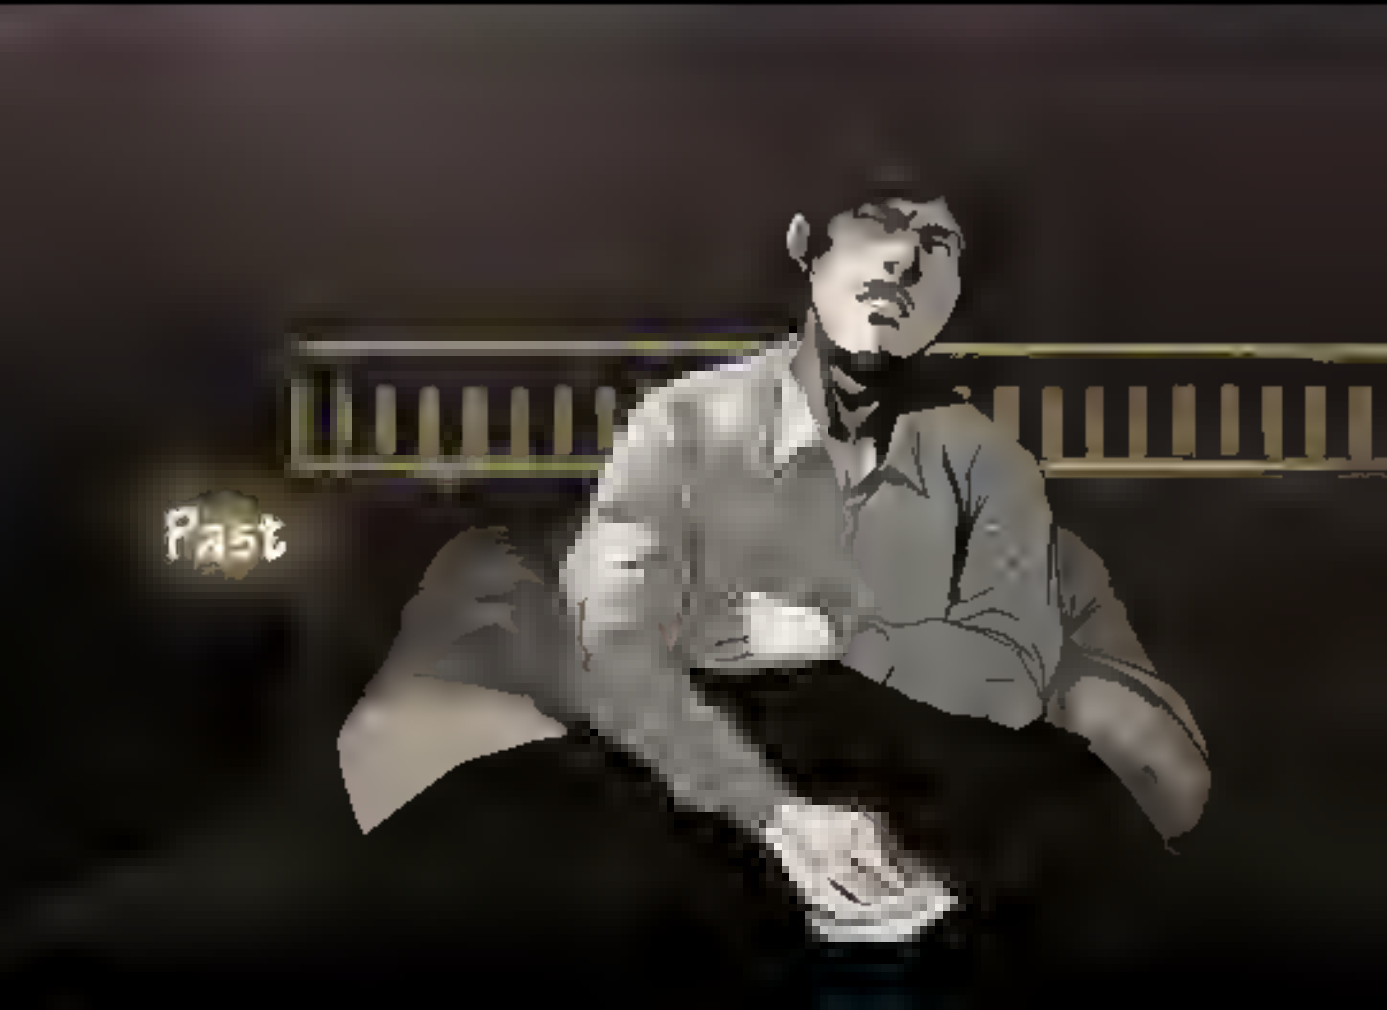


A sensation of thinking that a new experience had occurred before.

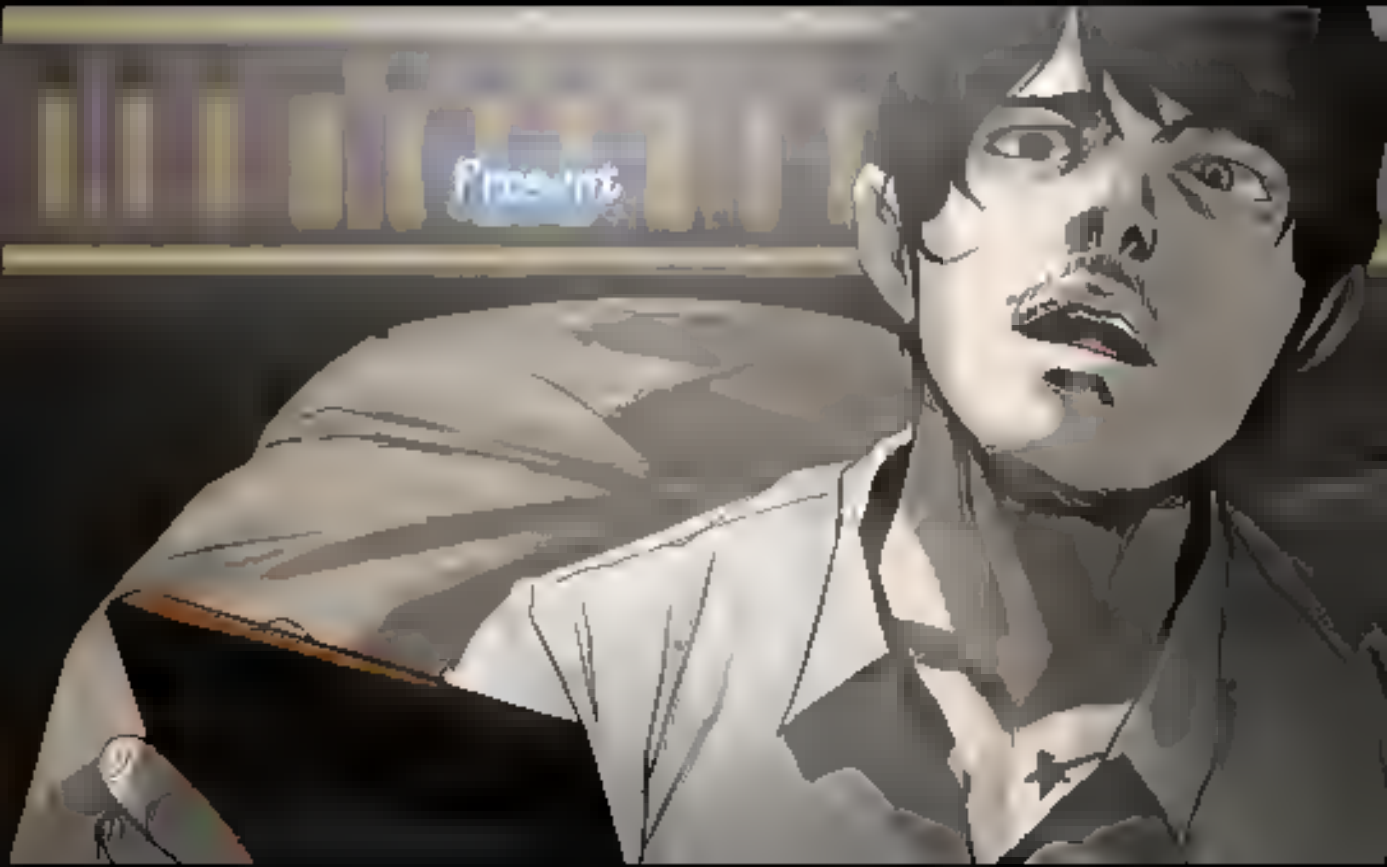
Everybody should have felt this at least once in their life.

Could this be coincidence?
Something seen within a dream?

What if these are memories of our previous life giving clues to our ties with people in the present?



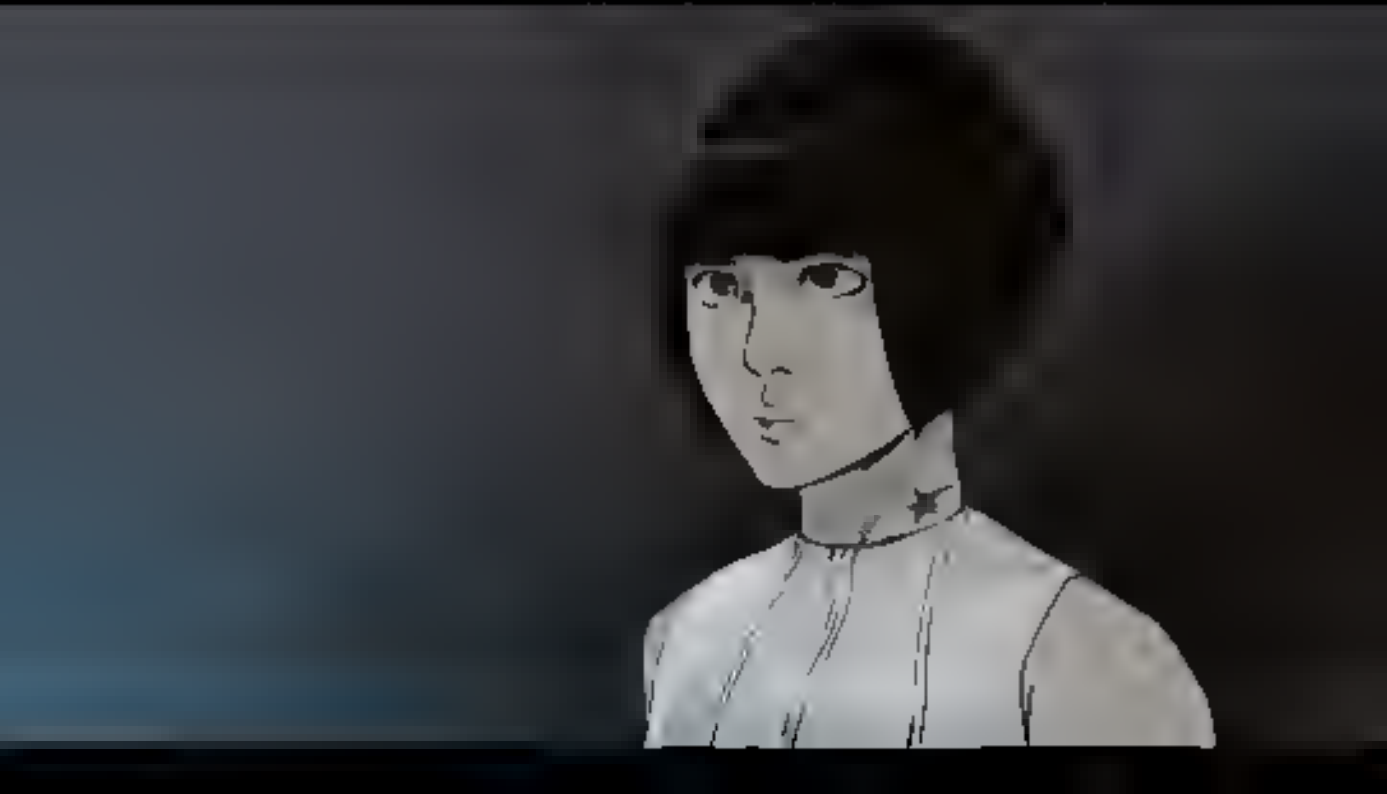
Past

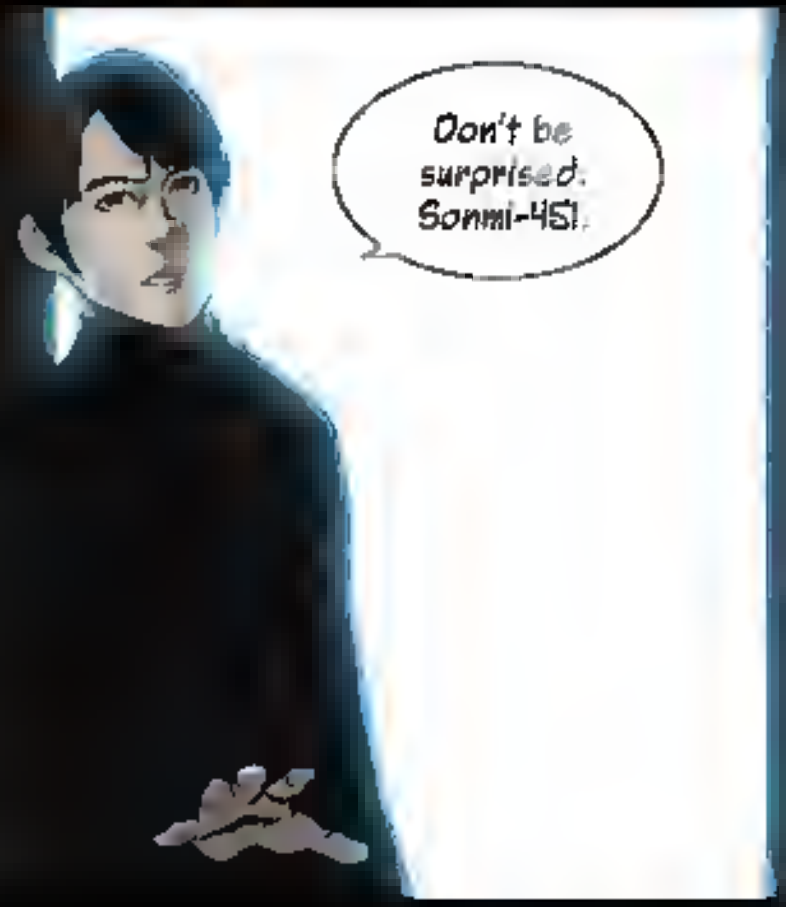


Present

Future

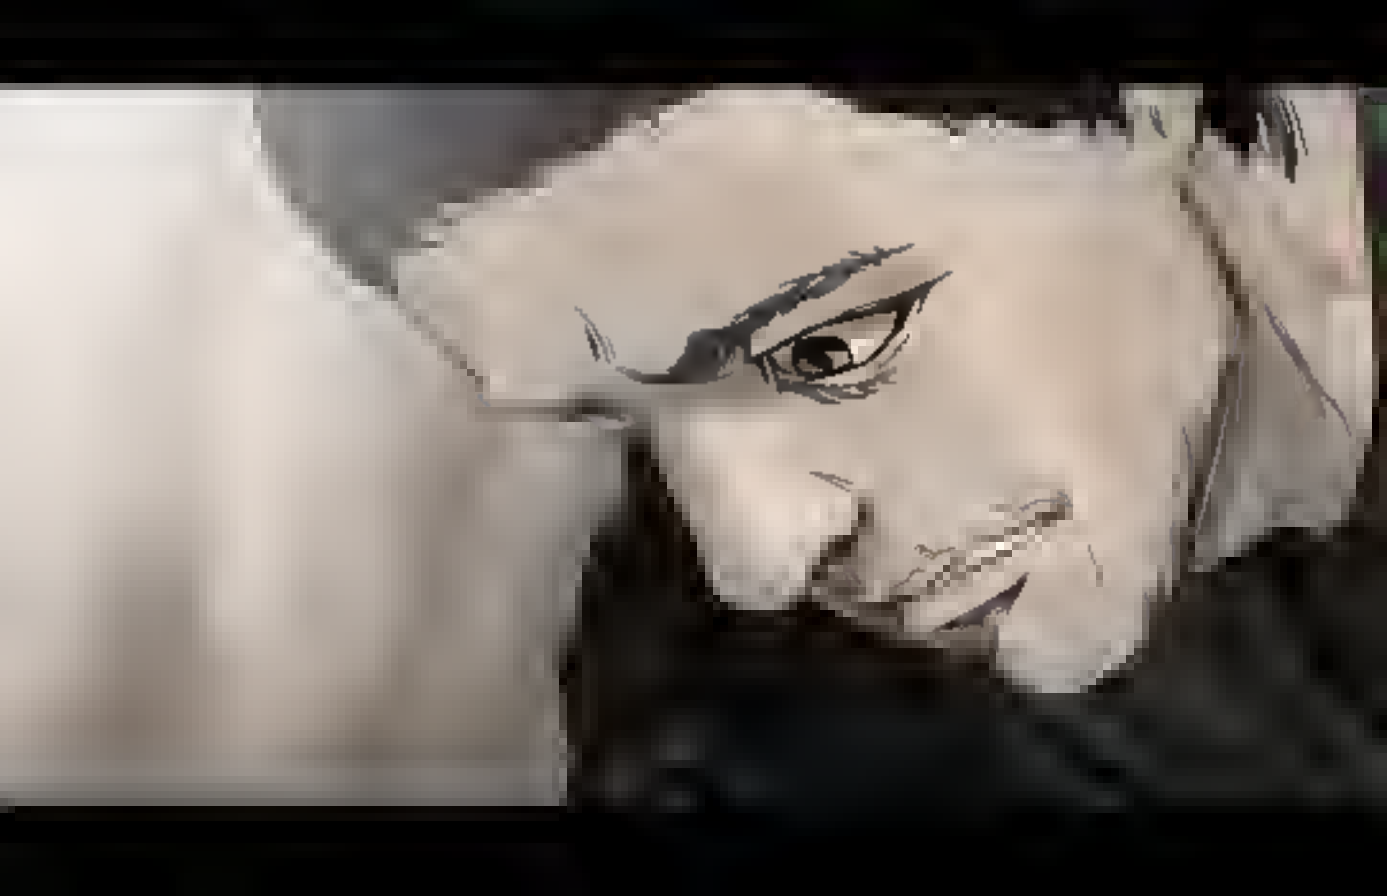
Everyone has formed bonds with others
in their past life



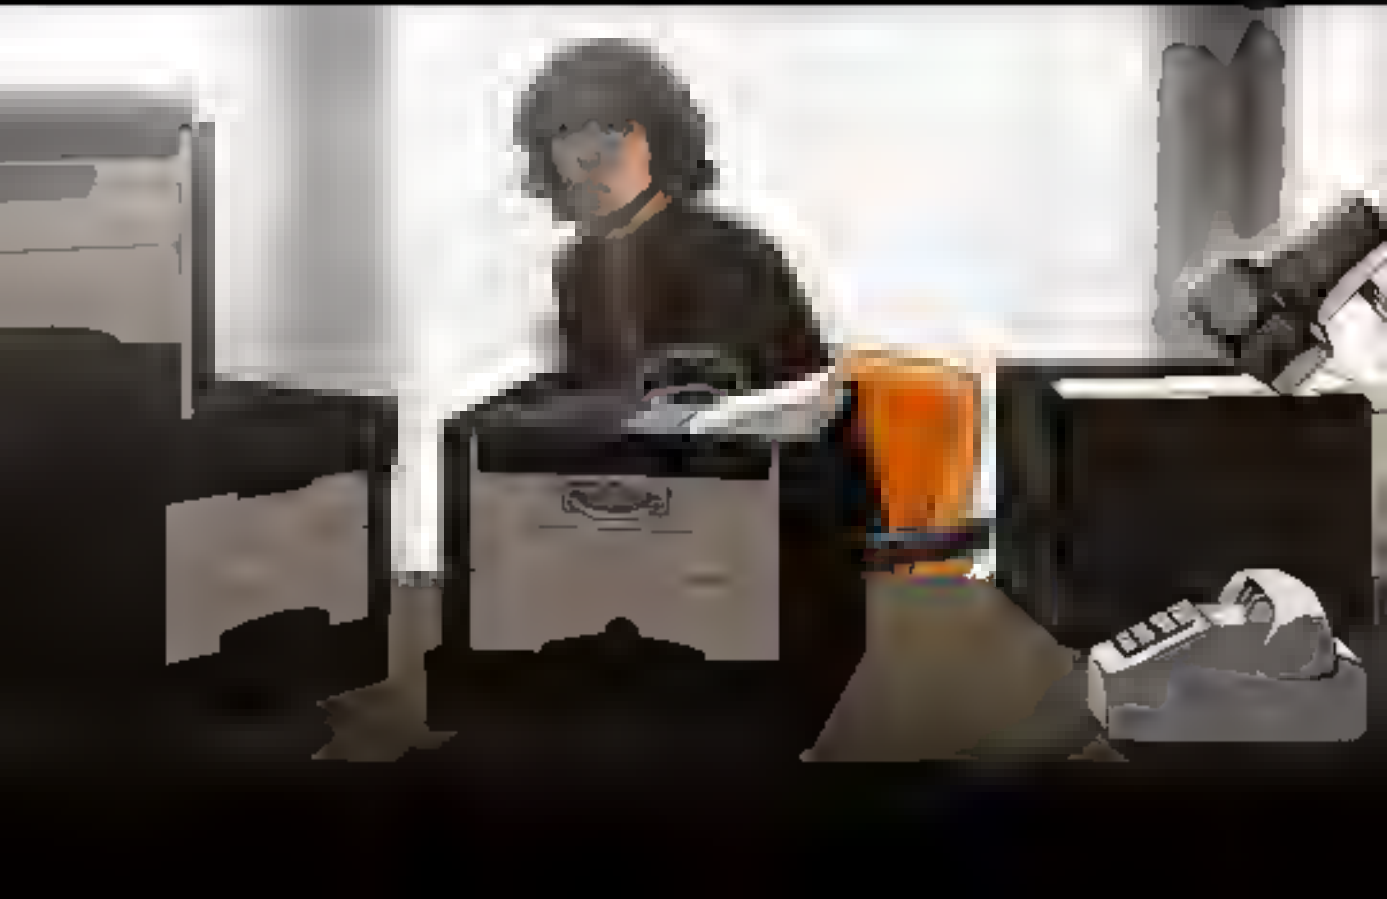


Don't be surprised. Sonmi-451.

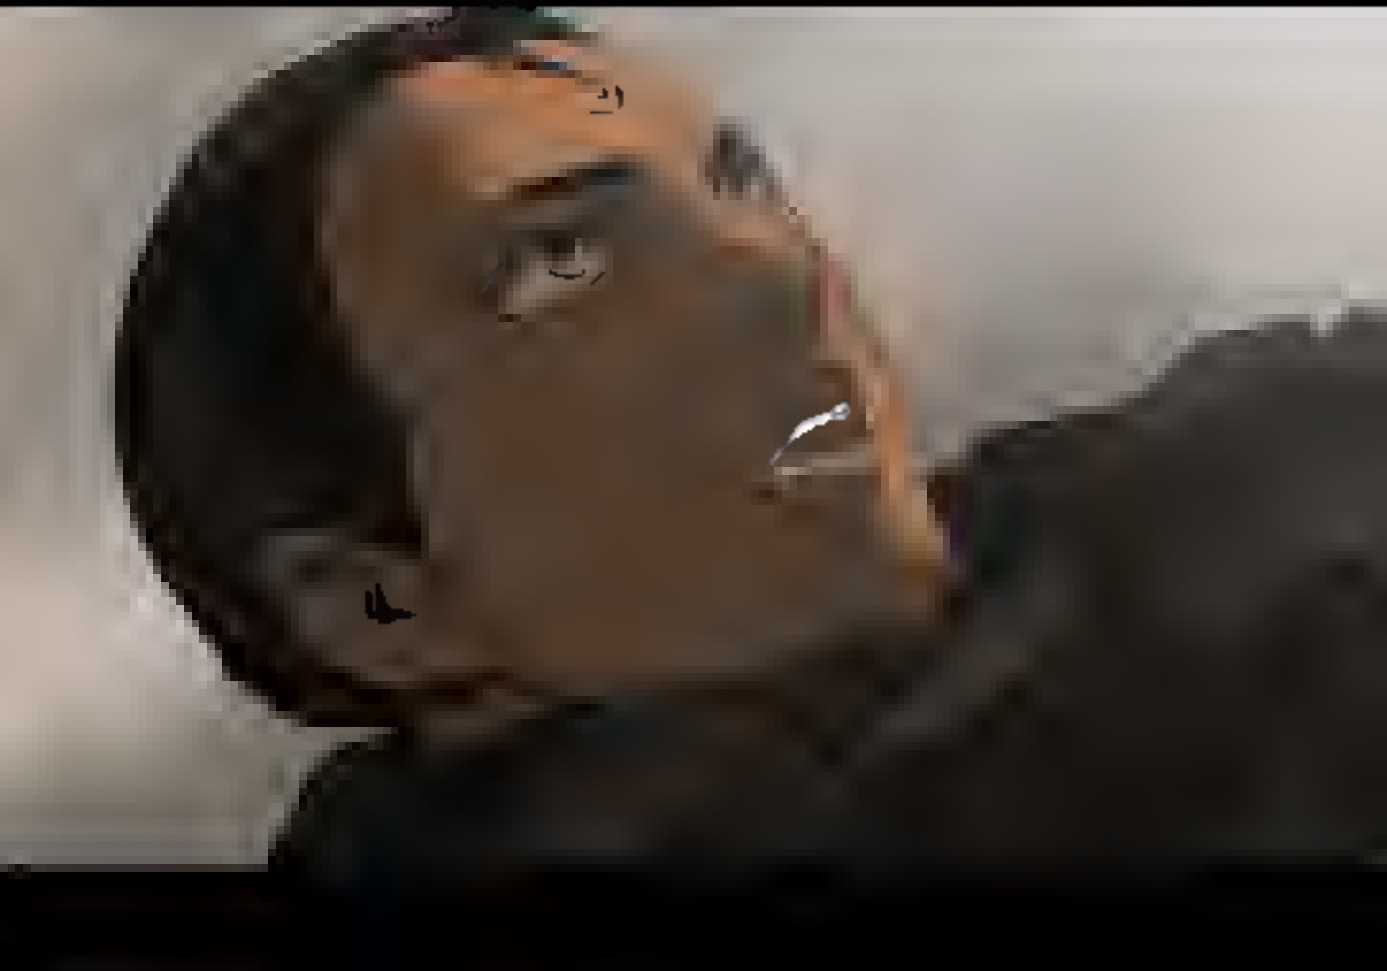
And these bonds will carry over to the future.



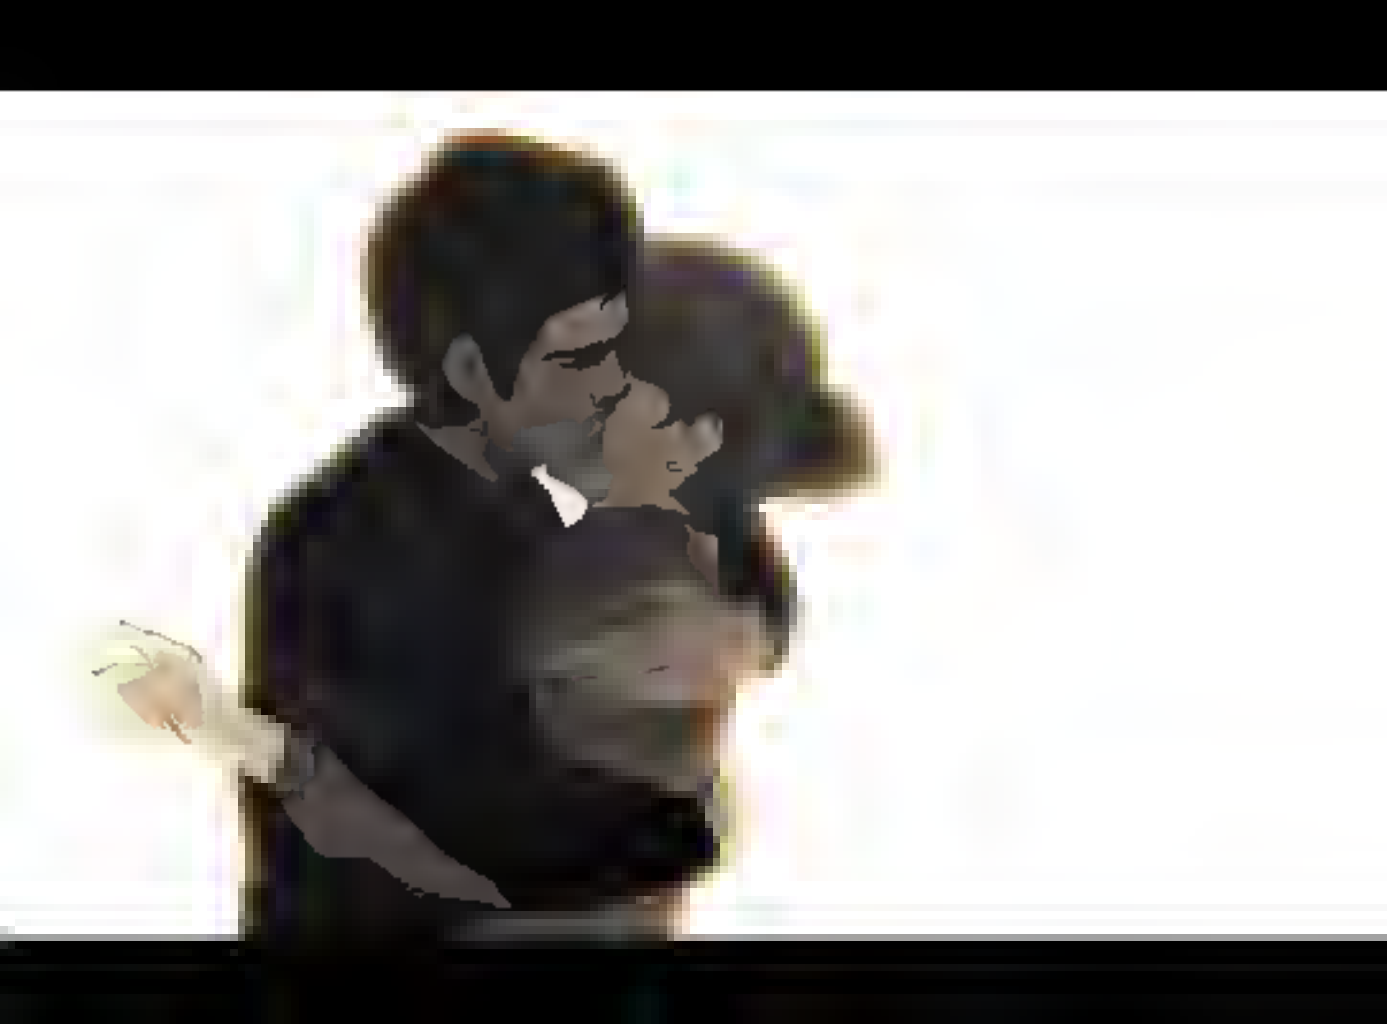
Even now...



We feel a special pull towards those we have
met in our previous lives



And create anew these bonds in the future.-



Are we changing my bond no matter how much time passes

That is fate.

Every meeting has a reason.

1849. A boat in the middle of a voyage across the Pacific

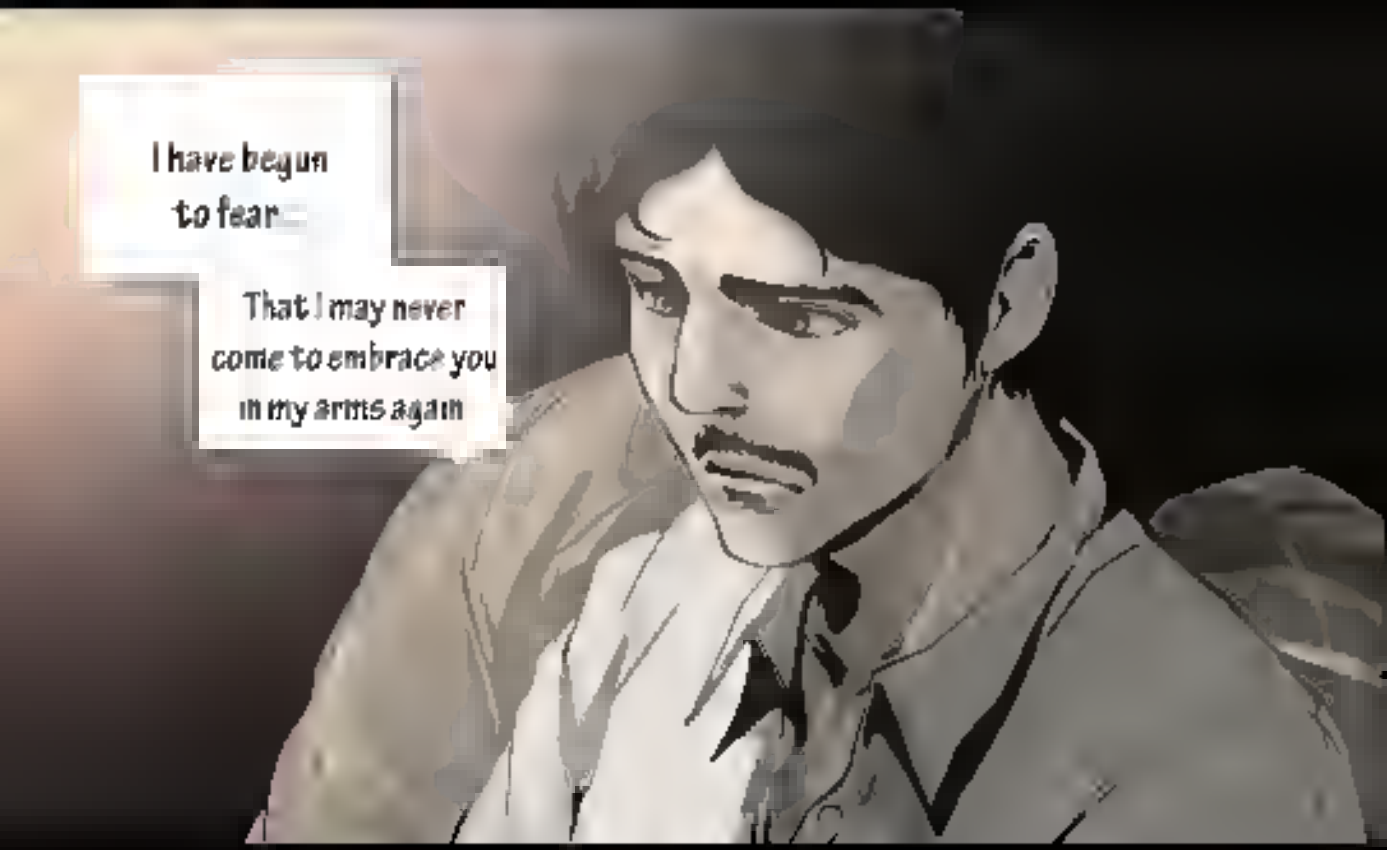
It's just as I thought...
This is the parasite.

Thanks to this creature I have seen the brains of a corpse
Lawyer Adam Ewing
It resembled a sordid lump of broccoli

But do not fear I know much about this creature
Doctor Henry Goose
I even carry some effective medicine for this creature

I shall
treat you

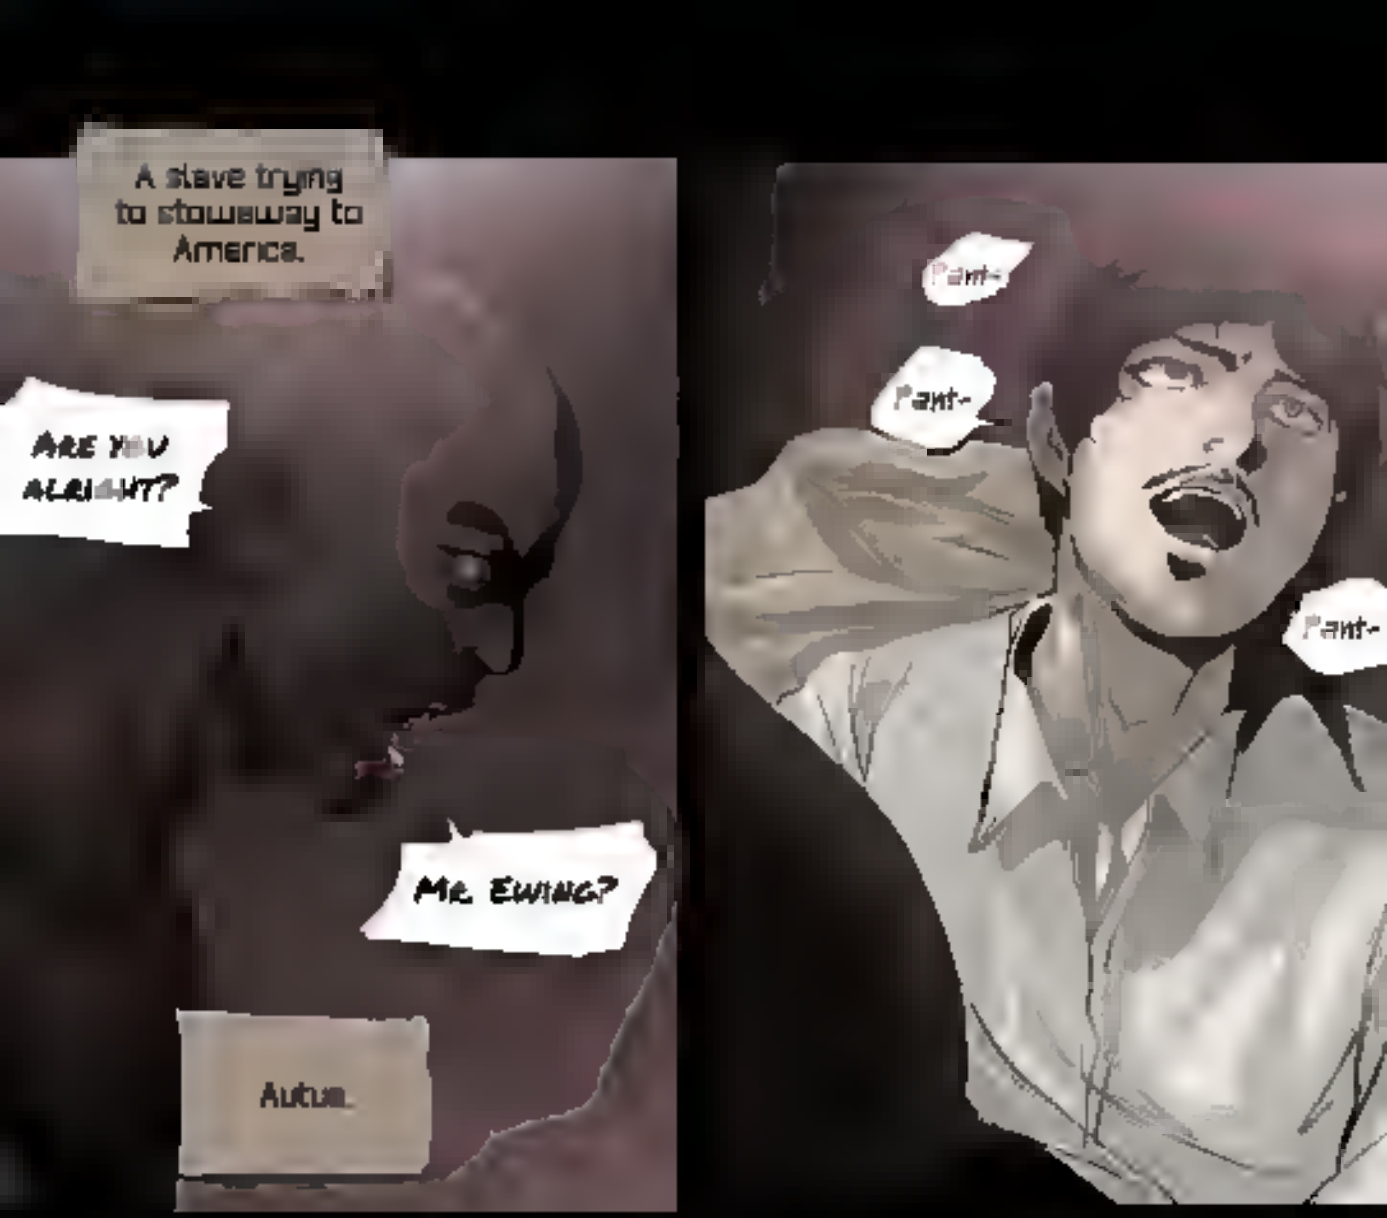
My beloved wife Tilda...



I have begun to fear...
That I may never come to embrace you in my arms again

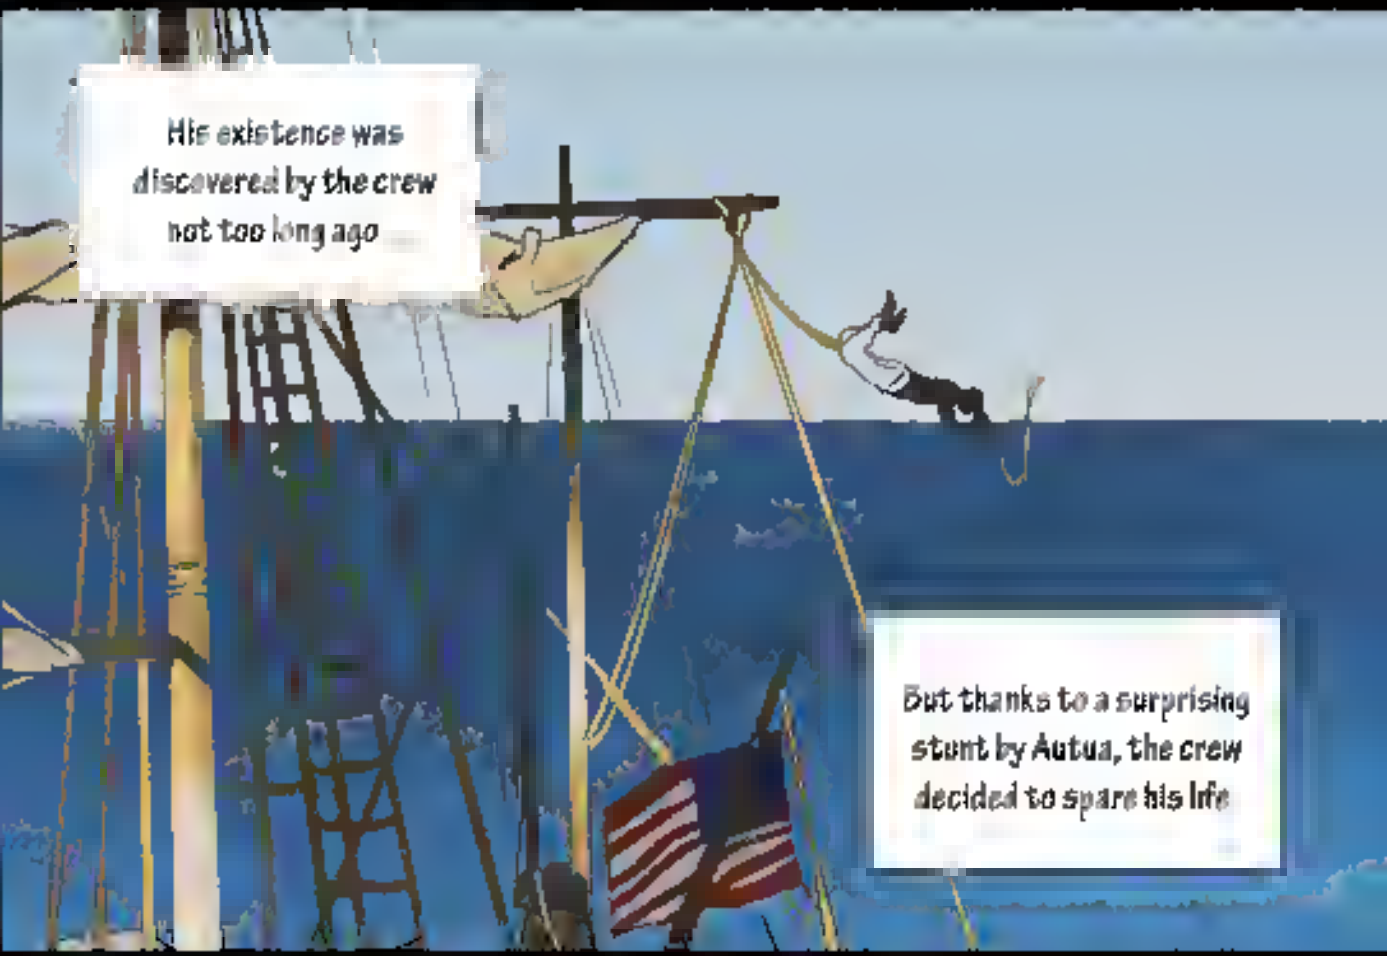
Every day these parasites eat away my body from the inside...
Oooo ooh-
!!
Twiiiiirr-
Aaaaah! Aaaaa aaah-!!!
Due to my state hallucinations and voices that do not exist continue to torment me.

Clunk
AAAAAAA AAAAAGH!!
AAAAAAA AAGH!!
Mr. Ewing?!



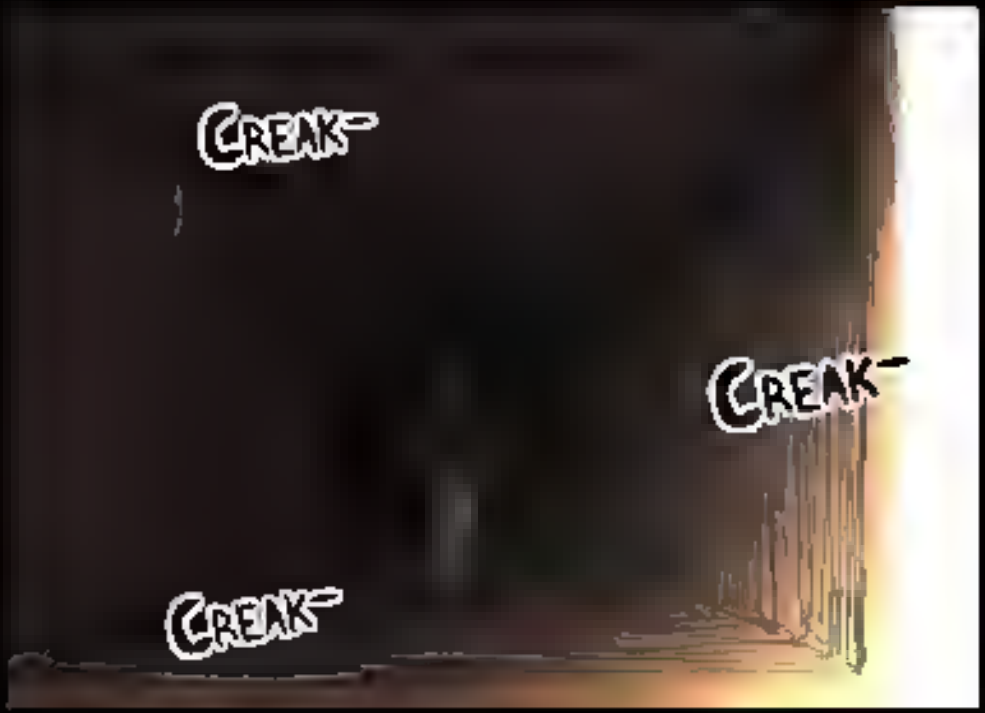
A slave trying to stowaway to America.
ARE YOU ALRIGHT?
MR. EWING?
Autum
Pant-
Pant-
Pant-

Mr...
Mr. Ewing?
Rise
I'm...
I'm alright...
This fellow's name is Autua. He's an African slave trying to stowaway to America
I empathized with his plight, so I hid him from everyone else
I feel like your condition is worsening as you consume medicine.



His existence was discovered by the crew not too long ago
But thanks to a surprising stunt by Autua, the crew decided to spare his life

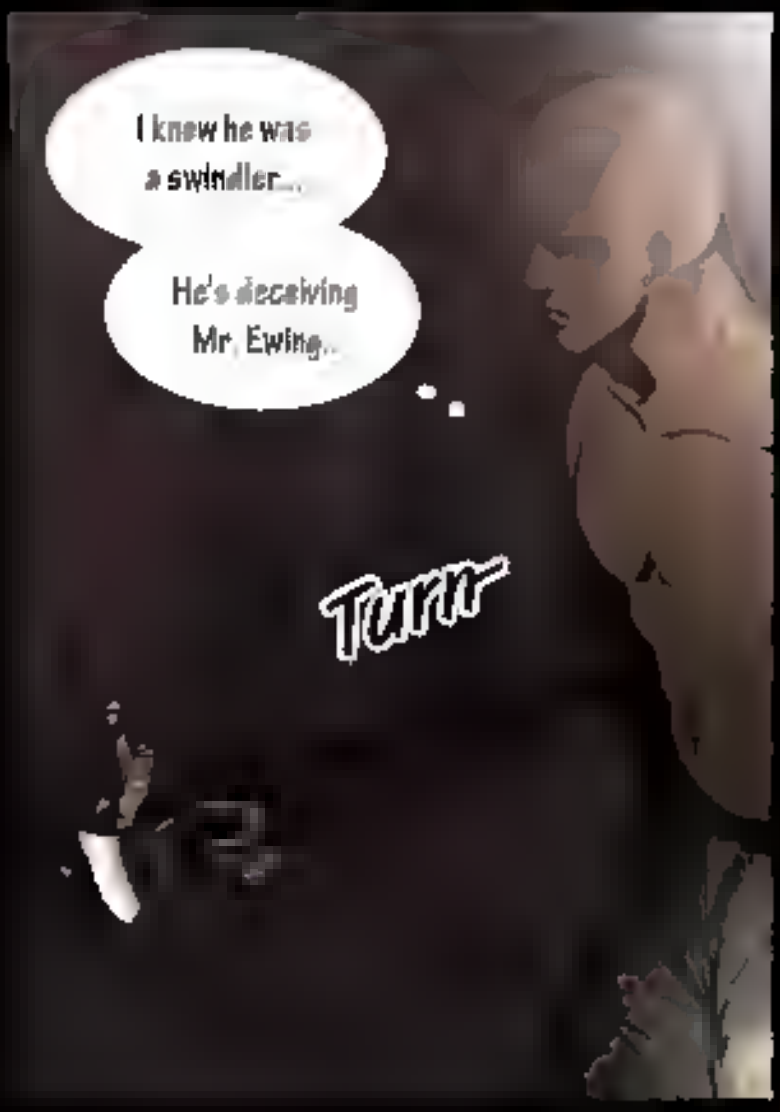
Since I have been quarantined from the rest of the crew...
Maybe something is wrong with the medicine.
I am grateful to have befriended this heathen
I doubt that's the case.



CREAK-
CREAK-
CREAK-

000
?
Here, Adam..
Hurry and drink up.
This is the last dose you'll need to take
There should be no more pain after this..

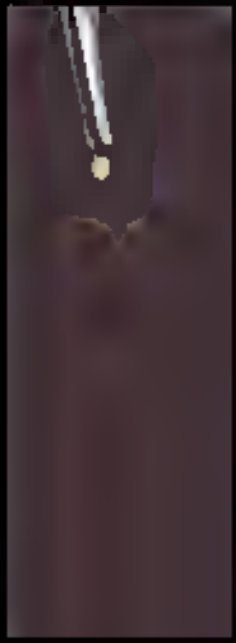
That medicine is...?
I'm sure... It's poison...!



I knew he was a swindler...
He's deceiving Mr. Ewing...
Turn

I must...
Protect Mr. Ewing

Now then...
Open your mouth,
Adam.



My beloved wife
Tilda.

I am Luisa Rey
Although I'm the daughter of a famous journalist, I m currently working as a journalist of a no name magazine
I'm sure there should be a clue somewhere..
Currently I am facing a once in a lifetime case within my career as a journalist

Few days ago...
I received a phone call from a man who introduced hiself ae a Seaboard researcher.

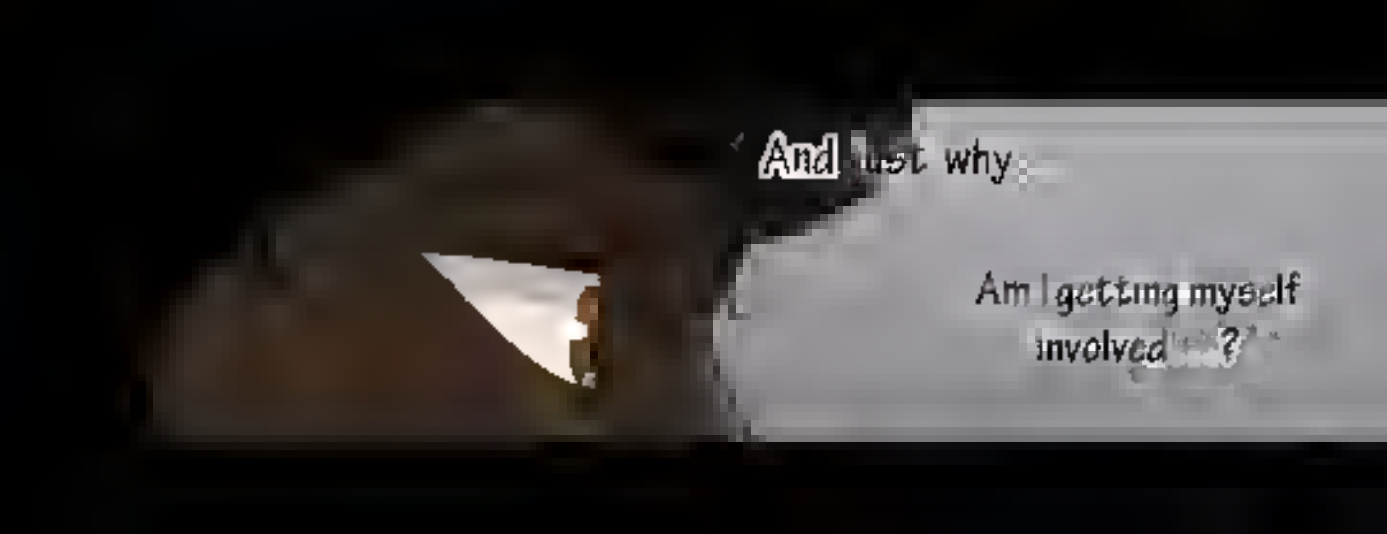
He told me he will pass on a report that carries information on a massive conspiracy behind Seaboard's nuclear power plant
My name is Sixsmith.
I will hand over a classified report on Seaboard to you.
And promised to part with the report at a hotel.

However once I had reached the hotel
He had become a corpse and the report was nowhere to be found

In the end...
I set my resolve to find the report the man tried to pass on no matter what
I'm sure a copy of the report exists...

Was I a step too late ?

What kind of secret could have been written in that report...
So that the company would even kill the man in order to keep it a secret...?



And last why
Am I getting myself
involved ?
